

INDIVIDUAL LEADERSHIP DEVELOPMENT

Challenge the Process

- Generated small wins with university administrators to represent the concerns of nursing faculty and students

Study abroad team in La Gonave, Haiti

Encourage the Heart

- Mentored students in a remote island study abroad experience to help them find their inner confidence and strength in a health care setting with few resources

Dr. Carol Winters, Dr. Charlotte Swint, and Dr. Susan Buchholz

Enable Others to Act

- Developed trusting relationships with my Leadership Mentor and faculty Advisor; this relationship enabled me to take on leadership roles with confidence
- Collaborated with faculty members and students to use dynamic teaching and learning strategies with one outcome being 100% of the December 2016 passing the NCLEX on the first attempt

TEAM LEADERSHIP PROJECT

Background

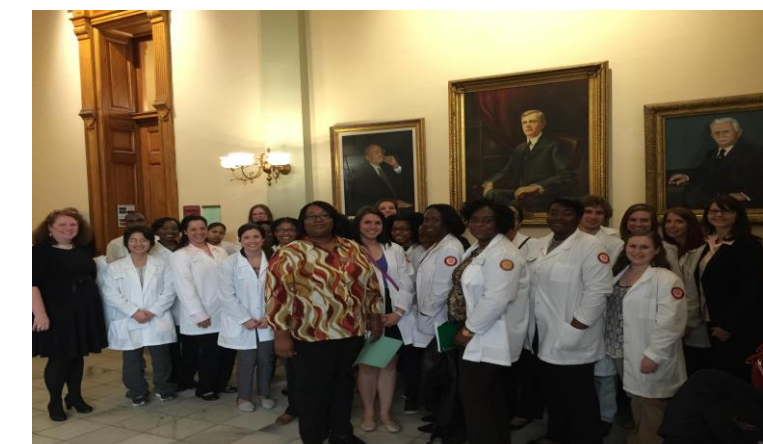

- Dr. Swint has an interest in practices for health policy education

Dr. Charlotte Swint, Prof. Jenny Bergen, and nursing students at the Capitol, Atlanta, GA

Purpose

- To engage thought leaders at the local, state, and national levels to cultivate ideas for best practices in health policy education for nurses

Rep. Valencia Stovall, Dr. Charlotte Swint, Prof. Jenny Bergen, and nursing students at the Capitol, Atlanta, GA

Outcomes

- Integrated health policy education into MSN-FNP and BSN nursing classes such as Women's Health and Pharmacology using innovations such as direct interactions with legislators
- Students successfully advocated for a nursing school building being added to facilities plan

Implications for Nursing Education

- Combining didactic and experiential teaching and learning activities is effective in teaching nursing students advocacy
